EDUCATION

MATAAS NA LUPA-PALSAHINGIN ELEMENTARY SCHOOL
2010 – 2017

STA. TERESA COLLEGE
2017 – 2023

DE LA SALLE LIPA
Bachelor of Science in Computer Science
2023 – June 2027

ACADEMIC PROJECTS

Pinoy Recipe Finder

- Built a recipe-browsing web app for Filipino dishes using React and Vite, with a search bar and recipe cards for quick discovery.
- Implemented a favorites feature with a live counter in the navigation bar.
- A recipe details page with separate Ingredients and Instructions views.

StudySpot PH

- Developed a single-page booking web app for co-working and study spaces using React and Tailwind CSS, with search by name or location across 10+ listings.
- Implemented dynamic routing (/space/:spaceId) and a protected dashboard route with React Router, so only logged-in users can book and view their bookings.
- Managed login state and bookings app-wide with the Context API, and kept them saved after a page refresh using a custom useLocalStorage hook.
- Built a booking form with controlled components, and a bookings dashboard with a confirmation modal before a booking is cancelled.

Barangay Reporting System | Backend and Front-End Developer

- Co-developed a web-based reporting system where residents submit and track community concerns and barangay officials manage them through an admin dashboard
- Designed and managed the MongoDB database for user accounts, reports, comments, and report statuses, supporting separate Resident and Admin roles
- Supported key features: status tracking (pending, in progress, resolved), admin comments, report search and filtering by category, date, status, and purok, and report analytics per purok
- Worked with a teammate on the backend and contributed to part of the front-end interface

Job Finder Mobile App

- Built a cross-platform job search app using React Native (Expo) and TypeScript, fetching live listings from the Empllo API and assigning each job a unique ID.
- Displayed job details (title, company, location, work type, salary, skill tags) in card layouts, with a search bar to filter listings and a detail view for full descriptions.
- Implemented save and remove job features that prevent duplicate saved jobs, with a separate Saved Jobs screen and a confirmation alert.
- Created an application form (name, email, contact number, "Why should we hire you?") with user feedback on submission, and added a dark and light mode toggle.

ShopCart PH: Mobile Shopping Cart App

- Developed a multi-screen shopping app using React Native (Expo) and TypeScript, with Home, Cart, and Checkout screens connected through React Navigation.
- Built a product list showing images, names, prices, and descriptions, with Add to Cart buttons and a floating Go to Cart button.
- Implemented cart management with quantity controls, an automatically updated total, and a checkout flow with a success confirmation.

Mobile Portfolio App

- Built a personal portfolio app using React Native (Expo), featuring a profile picture, short bio, skills list, and contact and social links
- Displayed projects in a scrollable list using FlatList

Travel Diary App

- Developed a travel journal app using React Native (Expo) and TypeScript that lets users capture photos and save them as travel entries
- Integrated device Camera, Location, and Notification permissions, using reverse geocoding to fill in the address automatically after a photo is chosen
- Stored entries on the device with AsyncStorage, displayed them in a FlatList with a remove button, and added an empty-state message
- Sent a local push notification when an entry is saved, and cleared the form when leaving without saving

SKILLS

Programming and Web: JavaScript, TypeScript, HTML, CSS, Java, Python, C++, R

Frameworks and Libraries: React (Vite), React Native (Expo), Tailwind CSS, Bootstrap

Databases and Tools: MongoDB, AsyncStorage, Git and GitHub

Design: Figma, Wireframing, Prototyping, Basic Layout and Typography

Soft Skills: Teamwork, Communication, Problem Solving, Attention to Detail, Time Management, Willingness to Learn

CERTIFICATIONS AND SEMINARS

EXPLORE YOUR ELECTIVES 2025 (E.Y.E) FOR CS AND EMC
Junior Philippine Computer Society – De La Salle Lipa Chapter
February 6, 2025

MASTERCLASS 101
Junior Philippine Computer Society – De La Salle Lipa Chapter
May 15, 2025

CITE SYMPOSIUM – EPISODE 1: ARDUINNOVATION
College of Information Technology and Engineering, De La Salle Lipa
May 20, 2025

CAREER 101 AND 102, "THRIVING IN THE DIGITAL ERA: BECOMING CAREER-READY FOR THE 21ST CENTURY" AND SEEDS, "CULTIVATING A POSITIVE MINDSET AND FOSTERING BELONGINGNESS IN COLLEGE"
College Guidance and Counseling Center, De La Salle Lipa
